

Infinite Possibilities Await You

“A journey of a thousand miles begins
with a single step.”

—LAO TZU

When a train pulls out of the station it is a little sluggish, straining slightly to gain speed. The turning of the wheels and gears has no rhythm yet. But as the train accelerates, the rhythm begins to build. Once it is moving, it takes a lot to stop it. The train has momentum, energy and incredible power behind it!

The GROUP is like this train. The collective energy of The GROUP creates momentum. As you hold your meetings you notice a synergy, a powerful force that is exponentially stronger than that of the individual. The degree to which you can focus on your dreams and goals improves. As your dreams and goals take physical form, the belief in your own abilities and those of others grows. Your GROUP evolves and reveals just how powerful all of you are...individually and collectively. You support others in their success

while being encouraged and supported yourself. You break down old barriers and lay down new tracks. Changes take place in your life and in the lives of everyone in your GROUP.

As our lives changed in positive ways because of The GROUP, we began talking about what the world would be like if more people had the inspiration and encouragement we were experiencing. We imagined people supporting each other the way we have, and lives changing for the better. This vision of a better world grew into the desire to help others benefit from what we have learned.

We are four women who wanted to add magic to our lives. We wanted our lives to be *extraordinary*. We had no idea what we would discover by forming The GROUP. We discovered, just as you will, that we are unlimited in what we can accomplish. We can dream and achieve what we never before thought possible. We are meant to live the lives we dream of living.

Climb aboard this train and take a journey with us. Let this book guide you to your own discoveries. An extraordinary adventure of infinite possibilities awaits you!
